Commissioner for Patents

The amendment filed 9/25/08 is considered non-compliant because it fails to meet the requirements of 37 CFR 1.121 or 1.4. As recited in the attached PTO-324, each claim has not been provided with the proper status identifier, specifically claim 40 has been identified as "Previously Presented" but includes markings as if it should be identified as "Currently Amended". Hence, the true status of the claim is unclear. The Examiner further notes that though the identifier "Presently Amended" has not been objected to, the proper identifier should read "Currently Amended".
